V ASHINGTON, Nov. 15 -- Accept inco without qualification by the toal workers of Secretary of Labor Wilson's proposal for negotiation of a nation wide wage agreement, was unnounced at a conference today by John Lewis acting head of the min ers' union

Speaking on behalf of the operaors outside the central competitive field, F. Lukings, president of the Southwestern Interstate Coal Operators' association, proposed returning to the old policy of allowing a basic scale to be negotiated by operators and miners in central competitive states.

After a long wrangle, operators nd miners agreed to take up the "tlement of wage and labor condiups in central coal fields after hey had failed to agree on considring the national scale as first prolosed Adjourning the general conerence, Secretary Wilson then called entral field to meet late today to egotiste a wage agreement.

Operators from districts outside he central field will meet at the ame hour to determine whether the greement arrived at by the scale mimitte of the prest field will be propried as a basis for a contract in ariving districts.
